Hello. My name's John. I'm with my family today. We're at home, and every member of my family's in different parts of the house doing different things. My mother Ana's in the kitchen preparing breakfast. She's not watching TV. My father Mario's in the garage with my grandfather Manuel. They're fixing the car, they're not painting the garage. My sisters Amanda and Luisa are in the attic. Amanda's reading a book. Luisa isn't reading a book because she's playing cards with a friend. My grandmother Dora's in the garden, she's watering the plants and planting flowers. She's not playing with the dog, because the dog's playing with the cat in the backyard. I'm very happy today in my house with my family. They're doing different things and I'm studying English.
